

Subsurface LC-5000 Quatro Correlator

- **NEW CATEGORY CORRELATOR – REAL TIME & PROGRAMMABLE LOGGING FEATURES**
- **WIRELESS SENSOR INTEGRATED INTO PRE-AMPLIFIERS & GPS**
- **IN QUATRO 4 PRE-AMP SENSOR DEPLOYMENT MODE UP TO 6 CORRELATIONS CAN BE PERFORMED & SHOWN ON 1 SCREEN**

- **LONG DISTANCE WIRELESS COMMUNICATION UTILIZING 1 OR 2 OF THE PRE-AMP SENSORS AS RELAY/REPEATER STATIONS**
- **HIGH SENSITIVITY SENSORS – DISTANCE RESOLUTION IS 8" IN HIGH PRECISION MODE – 4 TIMES THE RESOLUTION OF IT'S PREDECESSOR THE LC-2500**
- **DURABLE MATERIAL CONSTRUCTION CAPABLE OF FUNCTIONING IN ALL WEATHER CONDITIONS**
- **PVC PROGRAMMABLE FRQUENCIES – AVIATION QUALITY HEADPHONES – HEAVY DUTY CARRYING CASE**

Subsurface has made Leak Detection more time effective & easier than ever with their LC-5000 Quatro-Core Correlation System. The LC-5000 is easily set up as a Real Time or Correlating Logger System and equally as easy to operate. With the wireless integrated sensor into the pre-amp, you have many options for Real Time, Short Term or Overnight Deployment. With simple 3-Step Programing, you are on your way to up to 6 Correlation on 1 screen with the availability to manipulate data/input saving you time not requiring additional set-ups for secondary verification. Logger mode allows for delayed short-term or overnight deployment saving you even more time.

INCLUDES: HEAVY DUTY LC5000 MAIN PROCESSOR WITH 4 INTEGRATED PRE-AMPLIFIER SENSORS FOR WIRELESS COMMUNICATION, 4 3' EXTENDED ANTENNA FOR DEEP VALVE DEPLOYMENT, RECHARGE CABLES, SOFTWARE (AVAILABLE FOR DOWNLOAD)
